Sino-Singapore Tianjin Eco-City

Keppel Land China, a fully-owned subsidiary of Keppel Corporation, has secured a 10.97ha residential site within the Sino-Singapore Tianjin Eco-City for 1.07 billion yuan.

Located within the mature start-up area of the Eco-City, Keppel Land intends to develop the site into an eco-community featuring 392 terrace homes and 180 low-rise apartments. The project is targeted at upper-middle income home buyers and is slated to launch in the fourth quarter of 2019.
